

SWTF Weekly Digest #14-2020

August 25, 2020

Executive Directors Message of the week:

Good Morning Everyone!

There are quite a few recycled notices this week, which is good, since I have been busy getting things ready for the [Thursday SWTFC August Board Meeting](#) (9:30-noon, 8/27/20). Nonetheless, there are still new things out there! A few new funding opportunities, some federal actions, webinars, and other excitement!

I've also been scrambling to get the last information together from the recipients of our US Forest Service Grant that several of our members have taken advantage of over the last few years. Communication in the time of coronavirus has been a challenge sometimes. Thanks again to the USFS for granting us a new agreement! If you are interested and have a good relationship with your local forest, give me a call, and I will send you the necessary information.

Again, hope to see you in a few days at our summer board meeting!

Have a great week!

Adam Ringia, Executive Director
